Segway for sale

I have decided to sell my PT Segway. It has been amazing for me to get around as my mobility worsened, allowing me to keep up with my 3 young girls. It enabled me to get around the netball courts and the rugby fields and I was granted permission to use it at our local mall. I was also able to take walks along the beach with my family again. I know this would be a great way to get around school or university for someone with limited mobility and wants to keep up with friends at their level.

- Bought Sept 2018
- Has recently been fitted with a new battery
- Includes: additional off-road tyres, lightweight car ramps, tow hitch carrier, 2x info keys, Segway front pouch
- Segway NZ distributor (Philip Bendall) is happy to be contacted regarding this Segway by new owner
