OVERVIEW

The getStructured programme is designed to help provide good legal structures around our members with Cerebral Palsy - Hōkai Nukurangi.

The programme can financially assist parents to set up a legal framework, (wills, power of attorney, trusts, PPPR), to ensure that future eventualities for a member with Cerebral Palsy are considered and planned for. See overleaf for more information, terms and conditions.

CATEGORIES

Choose from one of the following two options:

Category 1

For families that presently have no wills, power of attorney, or other legal structures, the Society is able to contribute up to \$1500 (+GST) of a lawyers' bill.

The proviso is that the legal beneficiaries of this structure must include someone who has Cerebral Palsy and is a member of the Society. The above funding is a 'once only' grant.

Category 2

For families that have already set up a legal structure that benefits a member with Cerebral Palsy, a 'once every 3 years' grant is available to allow for reviewing and altering this legal structure to ensure it remains relevant.

This grant contributes up to \$450 (+GST) of the lawyer's bill for this service. The same eligibility proviso applies as in category one.

Please indicate which category you wish to apply for:

THE PROCESS

- Identify the lawyer you wish to use. The Society can provide a list of lawyers in your area, or you can nominate one.
- Apply for the programme. If your application is approved, the Society will let you know by letter and email.
- The Society will send a letter of guarantee to the nominated lawyer. This letter authorises the lawyer to invoice the Society up to the approved amount. You will need to cover any additional fees in excess of the amount covered by the getStructured programme.
- The Society will request that the lawyer confirms in writing that a member of the Society with Cerebral Palsy is a beneficiary of the legal instruments being established or maintained. Other children may also be included in the legal instruments as well.
